

Safeguarding Policy

Schoolreaders recognises its responsibility for safeguarding and promoting the welfare of children.

This policy applies to all staff, trustees, volunteers and anyone working on behalf of Schoolreaders.

The purpose of this policy is:

- To protect children and young people who benefit from the Schoolreaders service from harm
- To provide staff with the principles that guide our approach to safeguarding

Safeguarding and promoting the welfare of children is defined in “Keeping Children Safe in Education” (KCSIE 2024) as:

- Protecting children from maltreatment, inside or outside the home, including online.
- Preventing impairment of children’s mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes
- Providing help and support to meet the needs of children as soon as problems emerge

Children includes everyone under the age of 18.

Introduction

Schoolreaders recognises its responsibility to support partner schools and volunteers to create and maintain a safe environment for the children we serve.

Schoolreaders recognises its responsibility to report concerns regarding children we support to an appropriate body, and to share information and work with other agencies as appropriate. In situations where the safety of a child or vulnerable adult is believed to be at risk, confidential information may be disclosed to other bodies in accordance with Schoolreaders Safeguarding Policy and Procedures and in line with government frameworks and guidance.

Thus, Schoolreaders has in place policies and procedures to guide and support actions relating to:

- Any concern of actual or suspected situations of abuse, exploitation, neglect or radicalisation of children
- Any allegation of staff or volunteer misconduct relating to children

In particular, Schoolreaders have in place the following information:

- Child Protection and Safeguarding Essentials for Volunteers in Schools
- Schoolreaders Volunteer Code of Conduct
- Schoolreaders Safeguarding Guidance
- Reading Support Guidance for Volunteers

We recognise that:

- The welfare of the child is paramount, as enshrined in the Children Act 1989
- All children, regardless of age, disability, gender, racial heritage, religious belief, sexual orientation or identity, have a right to equal protection from all types of harm, abuse, exploitation and neglect
- Some children are additionally vulnerable because of the impact of previous experiences, the level of dependency, communication needs or other issues
- Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare

Our Service

Schoolreaders is an "Introducer" service. Our charity recruits volunteers and matches them to partner schools that require additional reading support for their pupils.

Using our service, schools are able to access reading volunteers and volunteers are able to be matched with an appropriate school.

The reading volunteer's prime relationship is with the Host School which is responsible for the vetting including enhanced DBS, and barred list check where appropriate, induction and ongoing support of the volunteer in line with their own recruitment policy and safeguarding procedures.

Safeguarding Procedures

Safeguarding policies and procedures are communicated to all staff and volunteers.

Host Schools are required to carry out an enhanced DBS check (and barred list check where necessary) for each reading volunteer and confirm to the Operations Team that this is complete with no cause for concern prior to the reading volunteer starting in the school.

Host Schools agree to our code of conduct in which they confirm that they will carry out an induction that covers the school's safeguarding policy, procedures and expected conduct and ensure the reading volunteer knows how and who to report any concerns to.

Volunteer application process: Reading volunteers answer a pre-application check list covering prior convictions and confirm they understand that the host school may carry out on-line pre recruitment checks on them. They also agree to the Schoolreaders code of conduct in which they confirm they will follow school policy and report any problems or concerns as they arise to the designated school safeguarding lead and undergo an enhanced DBS check and barred list checks where appropriate.

Reading volunteers complete Schoolreaders supplementary safeguarding training.

Schoolreaders Organisational Responsibility:

The CEO, takes leadership responsibility for safeguarding.

Safeguarding is a standing agenda item on Schoolreaders senior management team meetings and at each trustees meeting.

Policies and procedures are reviewed at least annually. Schoolreaders will always:

- Ensure appropriate policies and procedures exist for the administration of applications and presentation of volunteer profiles to Host Schools.
- Ensure any concerns or objections with regard to the suitability of a volunteer are submitted to the Designated Safeguarding Lead at Schoolreaders.
- Where a volunteer raises a concern about a child's safety or welfare, the process is to direct volunteers to the Designated Safeguarding Lead within the Host School and notify the Designated Safeguarding Lead at Schoolreaders.
- Share information about safeguarding and child protection with appropriate staff including training where required.
- Keep Safeguarding policies under regular review.
